

School District No. 34 (Abbotsford)
CONSENT FORM

At various times throughout the school year, events may occur which are of general interest to the public. Such events may include the production of a school play or concert, the opening of a new portion of a school building, or sporting events.

As part of the community, the School District desires to keep the public aware of matters of interest that occur within our schools, and believes that it is important to celebrate and promote the many positive things that happen in our schools. To that end, and from time to time, it has been beneficial to allow the media and others to attend at our schools for the purpose of taking photographs, videos, or interviewing students. At the same time, the School District recognizes the importance of maintaining the privacy of our students and their families.

The purpose of this form is to advise you of these matters and to seek your consent for the release of information. The information may include the names of the students and videos or photographs taken by the media and others. By providing this consent, you understand that your child's name, photographs, and comments may be published in a school yearbook or newsletter, videos, and, on occasion, in the School District calendar, annual report, or in the news media.
