Stay tuned for a new uniform item to be added to the stock at Able Cresting! The athletic crewneck in Navy Blue is coming soon!

ATS Leadership is sponsoring a family this Christmas season, and any donations are appreciated. The family has 6 children and their parents. We are hoping to get them groceries along with presents and necessities. If you are interested in helping out, you can donate on SchoolCashOnline. There will also be sales at school like candy grams, a raffle for a gift basket, and a bake sale. Cheques and any donations will also be accepted at the sales. All profits this Christmas season goes towards the family.

Due to popular demand, we have made arrangements to reformat the yearbook from a Grade 8/12 Grad book to a whole school yearbook! Thank you Mrs. Solomatenko and her yearbook club students for all of the work going into this huge undertaking!

As a result of this change, we have extended the early bird pricing to a December 15th deadline. Preorder your yearbooks today for \$45. After December 15th, pricing will go up. Login to SchoolCashOnline and place your order. Please make sure to sign the permission forms that are on schoolcashonline as well if you haven't already, as students who do not have a signed AP 324-1 –Photograph/Video and Media Consent Form will NOT have their pictures in the yearbook!

This form can also be found at the following link: https://www.abbyschools.ca/sites/default/files/AP%20324-1%20Photograph_Video%20and%20Media%20Consent%20Form%20-%20Fillable.pdf . Complete and email to kendall.jones@abbyschools.ca.

ATS welcomes Rick Funk to our Titan staff -- Rick has been around the district since 1988 - Elementary, Abby Jr., Abby Sr. Taught English, PE, Special Ed., Athletic Director, Peer Tutoring, Counselling.... and more. Mr. Funk will be with us for anywhere from 1 week until the end of semester 1. Mr. Gibson was looking to return to middle school and we wish him luck in his new position at Colleen and Gordie Howe Middle School.

The senior Band had a great time on their walking field trip to Musora Media. Students visited music studios, spoke with professional musicians who teach online, and learned about what it takes to build a digital music education company. Special thanks to the CEO, Jared, who gave us a great tour.
